Course Description.

This course takes an expository approach to the major developments in the history of redemption: creation, covenant, promise, and fulfillment of the promises. This portion of the biblical revelation covers the period from Adam and Eve in the Garden of Eden to Israel in the Promised Land. (3 credit hours)

Class Meetings:

The class will meet from 1:00-4:00 p.m. on Wednesdays from February 4 through May 13 (except March 25 which is spring break.)

Course Requirements.

Three exams during the semester	75%
Bible book outline memorization	5%
Exegetical project	<u>20%</u>
Total	<u>100%</u>

Examinations. Three regular closed-book (no Bible or notes) exams will be administered according to the course schedule in the final syllabus. These will consist of objective, short answer and essay questions covering the content of the lectures, assigned reading and biblical material covered. There will be a section on each exam assessing your Bible reading with objective (multiple choice, true/false, matching and fill in the blank) questions.

Bible Book Outline Memorization. Each student will memorize the outlines of Genesis through Joshua included with this syllabus and recite them to another person by the dates indicated on the verification sheet. You may make two attempts before having to wait for at least half a day before attempting again. Once you have correctly recited the outline, your fellow student will sign the

verification sheet. The verification sheet is to be turned in at the end of the semester.

Exegetical Project. A short exegetical project will be assigned in four segments. Each segment will involve a brief research assignment and writing ½ to 1 page to turn in. Details will be provided in the final syllabus.

Required Reading.

The following textbook materials are to be read during the course. Assigned reading is subject to examination (see above).
